Model #GYM5600NA

THE INTUITIVE SIMPLICITY OF MOTION: JOIN THE MOTION REVOLUTION!

- Operates on the desk or in the air
- Control your cursor with natural hand movements
- 100' with no line of sight restriction
- Elegant ambidextrous design

FEEL THE FREEDOM OF IN-AIR CONTROL

UPGRADE YOUR TRADITIONAL DESKTOP PERFORMANCE TO THE NEXT LEVEL

With the Air Mouse Elite, your natural hand movements drive more powerful presentation delivery, more immersive gameplay, more interactive classroom lectures and more convenient access to your digital entertainment.

ORCHESTRATE AND DELIVER POWERFUL PRESENTATIONS

The Air Mouse Elite comes with Gyraton's powerful MotionTools software that enables you to deliver more compelling lectures and presentations. MotionTools recognizes your gestures and uses them to control applications and to activate a rich set of tools you can use to interact with your content.

GET INTO YOUR GAME

With the Air Mouse Elite your movements control the game. MotionTools™ recognizes your gestures and uses them to drive the action. Motion gaming with the Air Mouse Elite is way more fun than using a mouse.

PERFECT FOR EVERYONE

- Corporate business users
- Corporate presenters
- Professional lecturers
- Home entertainment and computer users
- Trainers and instructors
- Teachers and professors
- High school and college students
- Windows Media Center and Vista™ users

AIR MOUSE™ ELITE

with MotionSense™

Model GYM5600NA

CUSTOMIZE CONTROLS WITH MOTIONTOOLS SOFTWARE

MotionTools features a large library of predefined actions and tools plus the ability to create your own custom keystrokes that can be assigned to the Air Mouse Elite's programmable buttons or initiated by simple in-air hand gestures for quick access to frequently used application commands. MotionTools includes a wide range of tools for Windows, Internet browsers, media players, and presentations including:

- Dynamic display scroll, pan, and zoom
- Pen drawing, image stamps, and highlighter
- Cut, paste, and other menu keystroke shortcuts
- Windows, Internet, and other application hotkeys
- Media player and volume controls
- PowerPoint and presentation tools

ENGAGE YOUR AUDIENCE AND CLOSE YOUR DEAL

With natural and intuitive hand movements, the Air Mouse Elite will allow you to maintain full control of your presentation as you walk around the room driving home your USPs. Turn the mouse cursor into a highlighter, laser pointer or pen, or gently swipe it in-air to activate embedded media and other special effects.

INCREASE STUDENT ENGAGEMENT AND RETENTION

The Air Mouse Elite, makes it easy to engage your students with an interactive, multimedia lessons. And, since multiple Air Mouse Elites can connect to one computer, you can distribute them to the class and allow students to better interact with you, each other, and the subject matter.

OPEN YOUR LIVING ROOM TO THE WORLD WIDE WEB

Search, browse, and navigate the Web or play your digital media content on your TV. The Air Mouse Elite lets you control and enjoy your PC connected digital entertainment with simple hand gestures from the comfort of your couch.

MotionSense In-Air Control

Perfect for performing presentations, browsing the internet, playing online games, or enjoying digital entertainment.
