MovieSmart Spring-Roller Screen – stylish and always the perfect match

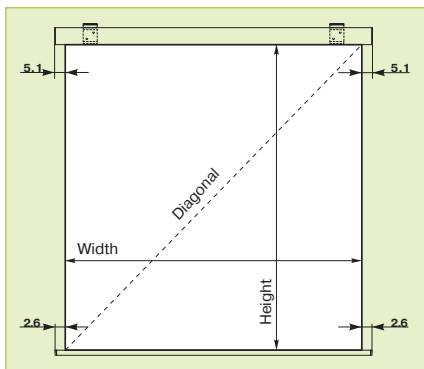

The roll-down screen MovieSmart is a high-end alternative to the usual spring-loaded wall screens. Thanks to its stylish design and unobtrusive casing it perfectly integrates into nearly any room.

- **NEW: Retraction of the projection surface with slow-return effect, i.e. the projection surface rolls up slowly and soundlessly**
- Projection surface steplessly adjustable
- Can be wall or ceiling mounted, universal mounting angles are part of the delivery standard
- Mounting angles can be moved horizontally along the screen casing

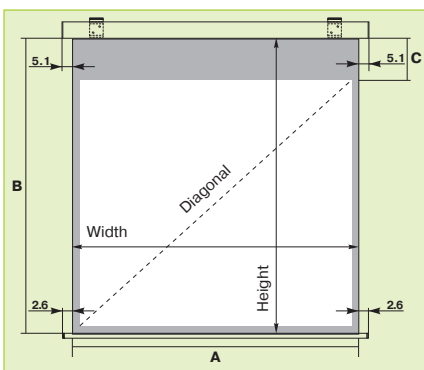

- Aluminium casing, cross-section approx. 8.6 x 8.8 cm
- Steel end caps are flush with casing
- Projection surface is flush with casing thanks to conical weight bar
- Casing colour: white, RAL 9016
- Available in **1:1 format** (without border) or **4:3 format** with black border

Screen surface

- Front projection, **type D**
- DIN 19045 gain factor, approx. 1.2
- Matt white, woven fabric base
- Back: opaque

1:1 format

4:3 format with black border

Movable mounting angles

Conical weight bar for flush finish with casing
