

MovieLux Mobile – ready for use anywhere in next to no time

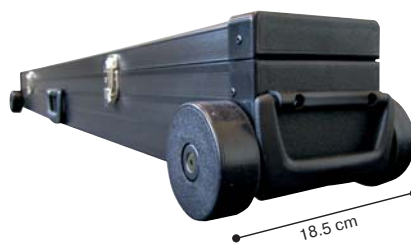

- Quick and easy set-up: just pull the projection screen out of the case with the two handles
- Perfect flatness of the screen surface thanks to scissor action
- Black border for clean edges: the image appears clearer in terms of contrast
- The screen is integrated into a solid, well-designed case
- The sturdy aluminium storage case protects the screen against dust and damages; including during transport
- Space-saving storage
- Four wheels and two carry handles allow easy transport
- Casing colour: black, RAL 9005

Screen surface

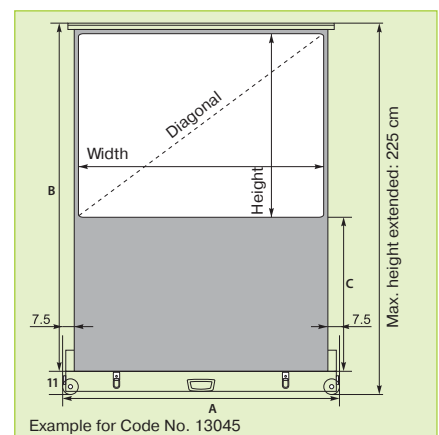

- Front projection, **type D**
- DIN 19045 gain factor, approx. 1.2
- Matt white, woven fabric base
- 2 cm black border
- Back: black, opaque

Back with scissor-action, stepless height adjustment

Wheels and carry handle for easy transportation
