

RollFix Premium Pro with ceiling installation frame fitted

Separate installation of screen and frame; integrated inspection opening

RollFix Premium Pro Installation Frame – neat and tidy finish for installation in suspended ceilings

The installation frame perfectly matches the RollFix Premium Pro projection screens. It allows convenient and visually attractive installation in suspended ceilings with easy access for inspection purposes.

- Specially designed for installation of RollFix Premium Crank Pro or Electric Pro in suspended ceilings
- Integrated inspection opening optionally available
- Frame made of sheet steel, 1.5 mm thick
- Colour: white, RAL 9003
- Mounting set for suspended ceilings (compare Code No. 13270) included in the delivery standard

- **Easy to install: frame installs first, then the screen; both components can also be removed separately**
- Inspection opening at each casing side of the frame
- supplied and installed as a modular system consisting of an installation frame and RollFix Premium Pro projection screen (refer to pages 102-103)
